DAWES BRINGS A MESSAGE OF PATRIOTISM

MILL CITY

GIVES HIM A WARM RECEPTION

ATTACKS LA FOLLETTE AS LEADING SOCIALISTIC THOUGHT TO TEAR DOWN CONSTITUTION

DAVIS SPEAKS THIS EVENING IN THE ARMORY AT ST. CLOUD

(By United Press) Minneapolis, Sept. 26.—Warmed by an enthusiastic reception in Minneapolis, stronghold of Minnesota republicanism, Charles G. Dawes went up river today to St. Cloud with his message of "patriotism."

He continued his assault on Robert M. LaFollette as leader of "socialistic thought working to tear asunder the Constitution of the United States—the bulwark of freedom."

"An attack has been launched on the Constitution of the United States, which protects you and me in our inalienable rights, which are protected by the courts," he said.

"Behind LaFollette in that attack is massed a heterogeneous collection of those who are opposed to the existing order of things, the largest of which, the socialists, are flying the red flag."

"You people have not been going to the polls because an issue has not been made. Well, I am making an issue. It is an issue that has been made in the hearts and consciences of the American people in this campaign—and not by politicians. It is the protection of our rights, guaranteed by the Constitution—and our Constitution is so formed that a temporary passing phase of popular opinion in its journey to a sound decision is not crystallized into law. The government's course of action is determined by the eventual judgment of the people surviving."

Tomorrow General Dawes makes a number of speeches in southern Minnesota and Wisconsin on his return trip to Chicago.

Dawes was interrupted by hecklers on two or three occasions, but only once did he deign to reply. A man in the gallery shouted:

"Why don't you explain the Lorimer-Dawes bank deal?"

"I read in the newspapers," replied Dawes, "what this man Wheeler said about President Coolidge, Mr. Davis and myself. One of the newspapers said it was vitriolic. It was nothing of the kind, for vitriol leaves a mark. It was more like sulphurated hydrogen, which leaves only a vile smell."

MINNESOTA'S

DEATH RATE HAS INCREASED

RISES FROM 954 PER 100,000 IN 1922 TO 1,013 IN 1923

PNEUMONIA, MEASLES, INFLUENZA, CANCER, WHOOPING COUGH CAUSE HAVOC

(By United Press) St. Paul, Sept. 26.—Minnesota's death rate in 1923 increased to 1,013 per 100,000 population from 954 in 1922.

The diseases which made the greatest increase in their claims on life were pneumonia, measles, influenza, cancer and whooping cough.

These figures were made public by the U. S. Department of Commerce today.

There were small increases in deaths due to some other diseases, including tuberculosis, the rate of deaths from which increased from 69.5 per 100,000 in 1922 to 73.6 in 1923.

The pneumonia death rate increased from 64.2 to 73.8 per 100,000; measles from 1.5 to 11; influenza from 19.7 to 28.2; cancer from 93.9 to 100.3, and whooping cough from 3.2 to 6.1.

The death rate from suicide showed a decrease, there being 320 deaths from this cause in 1922 and 264 in 1923. Homicide also showed a de-

FARGO MAN HAS SKULL CRACKED WHILE IN ST. PAUL

(By United Press) St. Paul, Sept. 26.—Harry Chilson, Fargo, N. D., is at Ancker hospital with a probable fractured skull, the victim, it is believed, of an attack.

Chilson was found in a dazed condition sitting in a doorway at 3:15 a. m. today.

He has severe bruises and lacerations about the head and body, as though he had been beaten with a club, police say.

Chilson is a son of E. I. Chilson, car repairer, of Little Falls, Minn.

LABYRINTH OF UNDERGROUND PASSAGES FOUND

MOTOR TRUCK BREAKS THROUGH CAVE IN WASHINGTON RESIDENTIAL DISTRICT

TUNNELS LITTERED WITH GERMAN NEWSPAPERS OF 1917 AND 1918

(By United Press) Washington, Sept. 26.—A labyrinth of subterranean passages discovered beneath several blocks of Washington's most exclusive residential section littered with German newspapers of 1917 and 1918 has revived some of the old war atmosphere in the capital and talk of spies.

A gaping hole made when the wheels of a motor truck sank through the earth led to its discovery and investigation. One penetrated, it was found large enough for a person to stand upright, walled with enameled tiles and wired for electricity.

A searching party has followed several avenues, but has as yet failed to trace them all to their ends.

One tunnel skirted the rear of the home of Edward B. McLean and is thought to have an unlocated outlet on a street several hundred yards away. Another passage led to a walled garden on an adjoining street. One was blocked by a cement door which could not be moved, while the fourth, only partly explored, extended to the banks of Rock Creek, two blocks away.

The walls of the passages were lined with white enameled brick. On the ceilings were pasted numerous clippings of German newspapers dated during the summer of 1917 and 1918. By electric torches it was possible to discern in the newspapers articles with references to submarine activities. The papers were defaced to some extent by cryptic designs and engravings in cipher.

RUCKMAN GETS HIS DIPLOMA

Minneapolis, Sept. 26.—J. Ward Ruckman, University of Minnesota student, who was refused a degree because he had taken no gymnasium work, was awarded his degree by the university board of regents yesterday.

He was refused a diploma last spring and when he appealed to the regents, they decided to give him the diploma provided he would take a four weeks' intensive course at the university this summer.

He was refused a diploma last spring and when he appealed to the regents, they decided to give him the diploma provided he would take a four weeks' intensive course at the university this summer.

Auto accidents claimed an increased number of lives in 1923, the number of deaths jumping from 260 in 1922 to 328 in 1923, the number per 100,000 going from 10.5 to 13.1.

Diabetes deaths decreased from 526 in 1922 to 439 in 1923, the rate dropping from 21.4 to 17.6.

The total of accidental deaths, including auto, railroad, drowning and industrial accidents, was 1,702 in 1923 and 1,538 in 1922, an increase from 62.3 in 1922 to 68.1 in 1923.

DOZEN PLANES OF ENGLISH FIRED ON TURKISH FORCE

MOSLEMS CLAIMED TO BE RAIDING THE IRAQ BORDER

MANY KILLED AND WOUNDED BY AIRPLANE MACHINE GUN FIRE

(By United Press) London, Sept. 26.—A dozen low-flying British airplanes poured machine gun fire into the ranks of a Turkish force of from 2,500 to 3,000 strong, routing the Moslems and killing and wounding many of them, in a fight northwest of Mosul, details of which were made public by the "Star" today.

The skirmish took place a fortnight ago and was first revealed at the League of Nations assembly yesterday when Lord Parmoor complained to the council about the Turkish action.

The "Star's" version of the affair is that the Turkish troops were raiding the Iraq border and the British air force went out to drive them back. After the British had dispersed the Turks "a considerable number of dead and wounded lay on the battle field."

There were no British casualties save for an accident to one plane in which the pilot and observer were wounded.

WHEELER CLAIMS ILLINOIS AND MINNESOTA TOO

LEAVES IRON PITS OF MINNESOTA AND ENTERS IOWA CORN BELT

IN IOWA AND NEBRASKA WHEELER WILL STRESS FARM RELIEF

(By United Press) With Wheeler, en route to Des Moines, Ia., Sept. 26.—From the iron pits of Minnesota, Senator Burton K. Wheeler sped down to the farm belt of Iowa today with a "message of confidence" to his independent followers.

After speeding through Illinois and Minnesota this week, Wheeler is proceeding more confident of success than he has been before.

"Developments are bringing us Illinois, and we already have Minnesota," he announced aboard his private car.

"Never have I encountered such an enthusiastic and widespread sentiment in behalf of a political movement as in these two states."

"The joint organizations of laborers and farmers here have developed to a far greater extent than the people back east suspect."

"In Minnesota we will not only carry the state for LaFollette, but will entrench the full farmer-labor ticket in state offices."

In Iowa and Nebraska Wheeler intends to stress the failure of the republican administration to provide adequate relief for the farmers. He presaged his crusade southward with a speech to farmers of Duluth last night, in which he said it will be impossible for President Coolidge to work out any permanent agricultural legislation even if he desired to.

"The only thing the republicans promise is that Mr. Coolidge will make some recommendations to Congress, when some agricultural commission, which he is some day going to appoint, has finished a study of the situation," he said.

"Based on the reception congress has given most of Mr. Coolidge's pet measures thus far it is not at all certain that congress would endorse his suggestions concerning farm relief. Congress took his tax bill and made it so much better than Mr. Coolidge had intended that Mr. Coolidge was

He will submit a formal letter of resignation later.

DEMOCRATS RELEASE THE WILBUR SPEECH

WAS AN ADDRESS SECRETARY OF NAVY WAS ABOUT TO GIVE IN DENVER

LA FOLLETTE HEADQUARTERS MAKE PUBLIC A WILBUR TALK TO OIL MEN

(By United Press) Washington, Sept. 26.—Concurrent with the release by the democratic national committee of the entire undelivered speech which Secretary of the Navy Wilbur was to have delivered at Denver last Saturday, LaFollette headquarters here today made public a speech Wilbur delivered at Taft, Calif., before a group of oil men.

"Oil will persist in oozing out of the republican cabinet, no matter how the president tries to check it with new timber," Robert M. LaFollette, Jr., said in making the textual release of the address.

"Secretary of the Navy Wilbur, one of Coolidge's own appointees, is the latest champion of Albert B. Fall's oil reserve leases and defender of the oil men," he said.

LaFollette Junior then quoted from Wilbur's Taft speech as follows:

"Harsh things have been said about the oil men, but I do not believe that a more patriotic group of men than the gathering in this room could be found in the country. Whenever the American government wants oil, it is forthcoming, and there were no slackers in the oil fields."

"In time of war, oil must be obtained, regardless of cost, and economics cannot be considered when the nation needs fuel that is still in the ground."

CLAIMED HE HAS ABANDONED AND MALIGNANT HEART

METHODIST CONFERENCE ACTS ON CASE OF REV. L. M. HIGHT

BELIEVED HE WILL BE EXPELLED FROM CHURCH BEFORE NIGHTFALL

(By United Press) Carbondale, Ill., Sept. 26.—Charging Rev. Lawrence M. Hight, "poison pastor," of Ina, with murder and accessory to murder arising from an "abandoned and malignant heart," 300 of his brethren—the Southern Illinois Conference of the Methodist church—this afternoon went into a secret session to act on his case.

Hight's trial was expected to be brief and was expected to result in Hight's expulsion from the church by nightfall.

erred a long time before deciding not to veto it. Congress took his plan to cheat the veterans out of their adjusted compensation, so justly due them, and threw it out of the window."

Wheeler's schedule calls for a speech tonight in Des Moines, tomorrow noon in Omaha, and tomorrow night in Lincoln, the home town of Charles W. Bryan, his democratic opponent.

DENOUNCES ATTEMPTS TO LIMIT POWER

PRES. COOLIDGE SCORES ATTEMPTS TO SHEAR DOWN SUPREME COURT POWER

WARNS AGAINST GOVERNMENT OWNERSHIP OF PUBLIC UTILITIES

(By United Press) Philadelphia, Sept. 26.—Republican leaders of Pennsylvania are well pleased with the acceptance of President Coolidge's speech here last night, in which the chief executive denounced attempts to limit the power of the supreme court and warned against government ownership of public utilities.

Mr. Coolidge re-echoed the Liberty bell eulogizing the 150th anniversary of the First Continental Congress and urged obedience to the nation's basic laws.

The president's reference to the supreme court and the ownership of utilities was an attack on Senator LaFollette and the independent party, without mentioning names.

"If we want to keep what our fathers here set up, we will do well to leave the people in ownership of property and in control of their government and under the protection of their courts," he said.

NEW SPEED RECORDS IN AIR RACE

INTEREST CENTERS IN THE PULITZER TIME RACE

AIRCRAFT OF EVERY DESCRIPTION AT DAYTON, OHIO

(By United Press) Dayton, O., Sept. 26.—Air craft of every description and scores of pilots of world-wide reputation are due at Wilbur Wright Field October 2-3-4 for the annual renewal of the International Air Races. Already the temporary hangar at the field are filling up with speed planes and the whirl of testing motors is beginning to replace the thwack of carpenter's hammers in front of the mile-long grand stand.

New speed records for a dozen or more distances are anticipated and officials of the International Air Races say the program of special air carnival events is unprecedented.

The Pulitzer Race As usual, interest in the heavier-than-air speed events centers in the Pulitzer race against time, the winner of which will get the \$10,000 Liberty Bond purse. Harry Mills goes into the contest as a representative of Orville Wright, pioneer in heavier-than-air flying.

Mills will fly the famous Verille-Sperry monoplane built by the late Lawrence Sperry who lost his life flying across the English channel.

The "On to Dayton" race, a preliminary of the International Air Race program proper, is attracting the attention of amateur pilots throughout the country. This event closes at midnight Oct. 1. It is open to anyone who can fly a ship. Entrants will fly to Dayton from any point in the country and the winner will be judged on points as to speed, distance, weight, gasoline consumed and the cost of the trip.

Two entrants in the On to Dayton race are Ralph Dickinson, 66, of Chicago, the oldest licensed pilot in the country and Ted Moellendörff, 16, of Wichita, Kan., America's youngest aviator of recognized ability.

The three-day program calls for 12 major races in which more than 200 are entered.

Plans have been made to seat 200,000 persons in the huge grand stand and bleachers at the field.

ARMY FLIERS REMAIN IN FRISCO TODAY

(By United Press) San Francisco, Sept. 26.—The army round the world fliers remained in San Francisco today, instead of leaving this morning for Eugene, Ore., as originally planned, while a new motor was being installed in the Boston II, Lieut. Leigh Wade's plane.

They will leave for Eugene tomorrow morning at 9 o'clock, according to plans, and probably will reach Seattle, the end of their journey, Sunday.

CLAIMS ACTRESS ENTICED HUSBAND AWAY FROM HER

KENTUCKY MATRON FILES \$100,000 SUIT AGAINST "LADY IN ERMINE"

COMPLAINANT'S HUSBAND IS CHARLES C. FREY, SON OF HORSE BREEDER

(By United Press) Mineola, L. I., Sept. 26.—Summons and complaint in an alienation suit against Wilda Bennett, 29, actress, star of the "Lady in Ermine," were filed here today by Mrs. Catherine M. Frey, formerly of Louisville, Ky. The complainant's husband is Charles Conrad Frey, son of Henry C. Frey, well known horse breeder.

Mrs. Frey alleges in the brief complaint that Miss Bennett enticed Frey away from her and asks \$100,000.

Mrs. Frey, daughter of a well-known race man named McIntyre, was educated in a convent in Washington, D. C. She is 25 and her husband 35.

The actress lives at Great Neck, L. I., and is a neighbor of George M. Cohan and Raymond Hitchcock. When process servers called upon her, according to Mrs. Frey's lawyers, Miss Bennett was walking down a path, swinging a tennis racket and someone remarked: "Here comes Mrs. Frey."

The attorneys submitted newspaper clippings and photographs showing Frey and the actress together, under the captions "Mr. and Mrs. Charles C. Frey," and "Wilda Bennett and her husband."

Frey brought a divorce action against his wife in Louisville some time ago for desertion and she brought a counter-suit in which she charged misconduct with a woman not named.

The alienation suit will come to trial in December.

FORGERY CHARGE IS DISMISSED

MEMPHIS BEAUTY FAVORED BY EX-HUSBAND IN MARITAL LITIGATION

(By United Press) New York, Sept. 26.—A charge of third degree forgery against Mrs. Elenor Elaine Harris, Memphis beauty, was dismissed by the grand jury here today when Beverly Harris, her banker ex-husband, appeared before the grand jury and asked that the case be dropped.

Harris said it would be extremely distasteful to him to have his former wife sent to prison and that he was willing to "let bygones be bygones."

The charge grew out of a letter Mrs. Harris submitted in contesting the banker's action for annulment of the marriage. The letter, signed "your own true blue Beverly," said that the charges he had made against his wife were untrue.

It was addressed to an unknown woman and Harris declared it a forgery and the court sustained him. The banker was finally awarded an annulment and Mrs. Harris began an appeal, which is pending.

MORE THAN 90 PCT. OF EMPLOYEES HAVE SIGNED UP

POLICY IS LARGEST SINGLE POLICY EVER WRITTEN IN NORTHWEST

RAILWAY GIVES FREE INSURANCE UP TO \$500 FOR EVERY EMPLOYEE

(In Brainerd 99.8 per cent of the Northern Pacific railway employees have been written for group insurance. An effort is now being made to write up the 2 per cent remaining and make Brainerd 100 per cent protected.)

St. Paul, Sept. 26.—The group life insurance policy approximating \$50,000,000 giving protection to every employee of the Northern Pacific will go into effect Oct. 1, it was announced by Pres. Charles Donnelly today.

The policy, the largest single policy ever written in the northwest, and the third largest covering employees of American railroads, provides free insurance up to \$500 for every employee. Every employee who has been in service of the company more than six months but who has not yet completed a year's service automatically receives \$250 life insurance.

At the expiration of one year's service this amount of free insurance is increased to \$500. This free insurance covers death at any age, or total and permanent disability up to the age of 60.

In addition to the free insurance, employees who have been in continuous service one year or more may purchase additional life insurance in amounts from \$1,000 to \$3,000, according to their rates of pay.

Under the contract with the insurance company, the plan was to become effective when 75 per cent or more of the employees in the company's service more than one year subscribed for additional insurance.

The voluntary signing of the applications for such additional insurance has been in progress only two weeks, and to date more than 90 per cent of the 30,000 Northern Pacific employees have signed up.

This group insurance plan does not disturb or affect in any way the hospital service of the Northern Pacific Benefit association, or the pension system of the railway company, but supplements them.

CHEKIANG ARMY IS SURROUNDED

LU YUNG HSIANG'S FORCE IS IN DIRE PERIL TO-NIGHT

GREAT SLAUGHTER ANTICIPATED IN BATTLE CLASH

Shanghai, Sept. 26.—Lu Yung Hsiang's Chekiang army was completely surrounded tonight.

A second Chi Hsieh Yuan force moving northward from Hankchow reached Kashing.

Lu may surrender immediately, otherwise serious possibilities are foreseen if he forces a finish fight. Great slaughter is anticipated.

General Sun Fang, commanding Chi Hsieh Yuan's Fukien army, is preparing to attack simultaneously with the second army at Kashing.

10,760 ANSWERED DEFENSE DAY CALL

Adj. Gen. W. F. Rhinow has announced the results of the defense day tests in Minnesota.

There were 12,105 men and women enrolled that day, and the number answering the roll call was 10,760, according to his figures.

DENOUNCES ATTEMPTS TO LIMIT POWER

PRES. COOLIDGE SCORES ATTEMPTS TO SHEAR DOWN SUPREME COURT POWER

WARNS AGAINST GOVERNMENT OWNERSHIP OF PUBLIC UTILITIES

(By United Press)
Philadelphia, Sept. 26.—Republican leaders of Pennsylvania are well pleased with the acceptance of President Coolidge's speech here last night, in which the chief executive denounced attempts to limit the power of the supreme court and warned against government ownership of public utilities.

Mr. Coolidge re-echoed the liberty plea enjoining the 160th anniversary of the First Continental Congress and urged obedience to the nation's basic laws.

The president's reference to the supreme court and the ownership of utilities was an attack on Senator LaFollette and the independent party, without mentioning names.

"If we want to keep what our fathers here set up, we will do well to leave the people in ownership of property and in control of their government and under the protection of their courts," he said.

NEW SPEED RECORDS IN AIR RACE

INTEREST CENTERS IN THE PUTZER TIME RACE

AIRCRAFT OF EVERY DESCRIPTION AT DAYTON, OHIO

(By United Press)
Dayton, O., Sept. 26.—Air craft of every description and scores of pilots of world-wide reputation are due at Wilbur Wright Field October 2-3-4 for the annual renewal of the International Air Races. Already the temporary hangars at the field are filling up with speed planes and the whirl of testing motors is beginning to replace the thwack of carpenter's hammers in front of the mile-long grand stand.

New speed records for a dozen or more distances are anticipated and officials of the International Air Races say the program of special air carnival events is unprecedented.

The Pulitzer Race

As usual, interest in the heavier-than-air speed events centers in the Pulitzer race against time, the winner of which will get the \$10,000 Liberty Bond purse. Harry Mills goes into the contest as a representative of Orville Wright, pioneer in heavier-than-air flying.

Mills will fly the famous Verille-Sperry monoplane built by the late Lawrence Sperry who lost his life flying across the English channel.

The "On to Dayton" race, a preliminary of the International Air Race program proper, is attracting the attention of amateur pilots throughout the country. This event closes at midnight Oct. 1. It is open to anyone who can fly a ship. Entrants will fly to Dayton from any point in the country and the winner will be judged on points as to speed, distance, weight, gasoline consumed and the cost of the trip.

Two entrants in the On to Dayton race are Ralph Dickinson, 66, of Chicago, the oldest licensed pilot in the country and Ted Moellendick, 16, of Wichita, Kan., America's youngest aviator of recognized ability.

The three-day program calls for 12 major races in which more than 200 are entered.

Plans have been made to seat 200,000 persons in the huge grand stand and bleachers at the field.

ARMY FLIERS REMAIN IN FRISCO TODAY

(By United Press)
San Francisco, Sept. 26.—The army round the world fliers remained in San Francisco today, instead of leaving this morning for Eugene, Ore., as originally planned, while a new motor was being installed in the Boston II, Lieut. Leigh Wade's plane.

They will leave for Eugene tomorrow morning at 9 o'clock, according to plans, and probably will reach Seattle, the end of their journey, Sunday.

CLAIMS ACTRESS ENTICED HUSBAND AWAY FROM HER

KENTUCKY MATRON FILES \$100,000 SUIT AGAINST "LADY IN ERMINE"

COMPLAINANT'S HUSBAND IS CHARLES C. FREY, SON OF HORSE BREEDER

(By United Press)
Mineola, L. I., Sept. 26.—Summons and complaint in an alienation suit against Wilda Bennett, 29, actress, star of the "Lady in Ermine," were filed here today by Mrs. Catherine M. Frey, formerly of Louisville, Ky. The complainant's husband is Charles Conrad Frey, son of Henry C. Frey, well known horse breeder.

Mrs. Frey alleges in the brief complaint that Miss Bennett enticed Frey away from her and asks \$100,000.

Mrs. Frey, daughter of a well-known race man named McIntyre, was educated in a convent in Washington, D. C. She is 25 and her husband 35.

The actress lives at Great Neck, L. I., and is a neighbor of George M. Cohan and Raymond Hitchcock.

When process servers called upon her, according to Mrs. Frey's lawyers, Miss Bennett was walking down a path, swinging a tennis racket and someone remarked: "Here comes Mrs. Frey."

The attorneys submitted newspaper clippings and photographs showing Frey and the actress together, under the captions "Mr. and Mrs. Charles C. Frey," and "Wilda Bennett and her husband."

Frey brought a divorce action against his wife in Louisville some time ago for desertion and she brought a counter-suit in which she charged misconduct with a woman not named.

The alienation suit will come to trial in December.

FORGERY CHARGE IS DISMISSED

MEMPHIS BEAUTY FAVORED BY EX-HUSBAND IN MARITAL LITIGATION

(By United Press)
New York, Sept. 26.—A charge of third degree forgery against Mrs. Eleanor Elaine Harris, Memphis beauty, was dismissed by the grand jury here today when Beverly Harris, her banker ex-husband, appeared before the grand jury and asked that the case be dropped.

Harris said it would be extremely distasteful to him to have his former wife sent to prison and that he was willing to "let bygones be bygones."

The charge grew out of a letter Mrs. Harris submitted in contesting the banker's action for annulment of the marriage. The letter, signed "your own true blue Beverly," said that the charges he had made against his wife were untrue.

It was addressed to an unknown woman and Harris declared it a forgery and the court sustained him. The banker was finally awarded an annulment and Mrs. Harris began an appeal, which is pending.

MORE THAN 90 PCT. OF EMPLOYES HAVE SIGNED UP

POLICY IS LARGEST SINGLE POLICY EVER WRITTEN IN NORTHWEST

RAILWAY GIVES FREE INSURANCE UP TO \$500 FOR EVERY EMPLOYEE

In Brainerd 99.8 per cent of the Northern Pacific railway employees have been written for group insurance. An effort is now being made to write up the .2 per cent remaining and make Brainerd 100 per cent protected.

St. Paul, Sept. 26.—The group life insurance policy approximating \$50,000,000 giving protection to every employee of the Northern Pacific will go into effect Oct. 1, it was announced by Pres. Charles Donnelly today.

The policy, the largest single policy ever written in the northwest, and the third largest covering employees of American railroads, provides free insurance up to \$500 for every employee. Every employee who has been in service of the company more than six months but who has not yet completed a year's service automatically receives \$250 life insurance.

At the expiration of one year's service this amount of free insurance is increased to \$500. This free insurance covers death at any age, or total and permanent disability up to the age of 60.

In addition to the free insurance, employees who have been in continuous service one year or more may purchase additional life insurance in amounts from \$1,000 to \$3,000, according to their rates of pay.

Under the contract with the insurance company, the plan was to become effective when 75 per cent or more of the employees in the company's service more than one year subscribed for additional insurance.

The voluntary signing of the applications for such additional insurance has been in progress only two weeks, and to date more than 90 per cent of the 30,000 Northern Pacific employees have signed up.

This group insurance plan does not disturb or affect in any way the hospital service of the Northern Pacific Benefit association, or the pension system of the railway company, which supplements them.

LU YUNG HSIANG'S FORCE IS IN DIRE PERIL TO-NIGHT

GREAT SLAUGHTER ANTICIPATED IN BATTLE CLASH

Shanghai, Sept. 26.—Lu Yung Hsiang's Chekiang army was completely surrounded tonight.

A second Chi Hsieh Yuan force moving northward from Hankchow reached Kashing.

Lu may surrender immediately, otherwise serious possibilities are foreseen if he forces a finish fight. Great slaughter is anticipated.

General Sun Fang, commanding Chi Hsieh Yuan's Fukien army, is preparing to attack simultaneously with the second army at Kashing.

Many of these ladies are new workers in the association, and it is felt that by their strength being added to that of those who did so much last year, the association's plans for this season's work cannot help but be successful.

The teachers in the Washington-Lincoln buildings are now weighing their pupils in preparation for the committee in charge of the milk campaign, and it is hoped to have this food supplied next week.

STEIN TAXI

FIRE LOSS

Machine Burst Into Flames While Being Driven by George P. Stein

HAD TO JUMP FOR HIS LIFE

Car Was 1922 Buick Touring, With Winter Top, And Valued at Over \$2,000

George P. Stein suffered the loss of his automobile, which he used in taxi service, the machine bursting into flames and burning up about six miles south of Brainerd on the Thirteenth street road at 10 o'clock Thursday night.

Mr. Stein states that he was driving south from Brainerd and without warning the flames shot up over the cowl and he barely had time to pull the emergency brake and jump for his life. A minute later the entire car was in flames. It is thought that a short circuit in the wiring was the cause of the fire.

The machine was a 1922 Buick touring car, equipped with a California winter top, and was valued at over \$2,000. One thousand dollars insurance was carried on it. The car is a total loss, nothing remaining but a mass of twisted steel, said Mr. Stein.

The owner has rented another car which he will use in his taxi service until he has selected a new one, which will probably be in the course of a few days.

DAWES SPEAKS AT ARMORY

Large Delegation From Brainerd to
Leave Ransford Hotel 5
P. M. Today

General Charles G. Dawes will be
given a rousing reception when he ar-
rives in St. Cloud this evening to
make the second and last address in
this state. He will speak at the St.
Cloud armory at 8 o'clock.

A large reception committee, com-
posed of several from each city and
town in the St. Cloud district, will
officially greet the vice presidential
nominee at 7 o'clock at the Breen ho-
tel. Immediately following this re-
ception General Dawes will dine with
the committee at the Breen and then
go directly to the armory for his
address.

Selected on the reception commit-
tee from Brainerd are D. D. Schrader,
George D. LaBar, Mrs. E. J. Quinn
and Mrs. J. A. Thabes.

A large delegation from Brainerd is
planning to attend tonight's meeting.
The start will be made from the Ran-
sford hotel at 5 o'clock. Frank Hall
will be at the starting point with ban-
ners for the cars and tickets for the
members of the party. A large block
of seats has been reserved at the ar-
mory for the Brainerd contingent, and
it is hoped that many will make the
trip.

The Little Falls delegation will join
Brainerd's representation at Little
Falls, and the balance of the trip will
be made together. Every city and
town for one hundred miles around
St. Cloud will be well represented
with large numbers of citizens.

COOLIDGE KEEPS HIS BIG LEAD

Second Week's Returns of the Huge
"Literary Digest" Poll Car-
ried On

LAFOLLETTE IN SECOND PLACE

Total Amount of Votes Tabulated Re-
ceived up to Sept. 16, is
272,299

Coolidge again leads in the second
week's returns of The Literary Dig-
est's huge presidential poll pub-
lished with La Follette second and
Davis third.

Of a total of 272,299 votes tabu-
lated, Coolidge has 162,473, La Fol-
lette, 63,534, and Davis, 42,611.

In California, La Follette is run-
ning Coolidge a strong second, hav-
ing 19,829 tallies to the President's
22,848. Davis is leading the field in
Texas and Virginia and is also ahead
of La Follette in Ohio, Kansas, and
West Virginia. In all other States
the Senator from Wisconsin is lead-
ing the Democratic candidate.

"The poll at first blush" The
Digest states, "may not seem very
cheering to the Democrats, but a
slight inspection will show the fact
that, with two exceptions, the Demo-
cratic States are still to be heard
from and when they begin to flood
in their ballots, the figures may have
another story to tell.

"In the meantime it may be in-
teresting to observe how firmly the
La Follette strength is holding up in
California. The first returns, re-
ported last week, gave Coolidge 1-
624, La Follette, 1,561, and Davis
233. This week, the figures stand
Coolidge 22,848, La Follette 19,829,
and Davis 3,008. Most Republican
political prophets have placed Cali-
fornia in the certain column for
Coolidge, and founded their compu-
tations on a total electoral vote in
which the Pacific State's thirteen bal-
lots were included.

"California, it is recalled, upset
one election, not long since, and,
from present indications, the State
is far from firmly planted in the Re-
publican column.

"The drift of votes, shown in a
general way by a tabulation of 'How
the Same Voters Voted in 1920,'
seems to suggest a loss of Republi-
can strength to La Follette in Cali-
fornia, a much smaller loss in Illi-
nois, Pennsylvania, and New York.
Analyzing the vote in more detail, it
appears from the markings of the
ballots, that, of Mr. Coolidge's 22-
848 votes from California 16,976 of
the voters were Republicans in the
last elections, 1,431 were Democrats,

and 4,364 either cast no vote or neg-
lected to declare their previous affil-
iation.

"Of Mr. La Follette's vote of 19-
829, 10,075 say that they voted the
Republican ticket in 1920 and 4-
010 say they voted Democratic with
5,134 not voting. It appears, there-
fore, that Mr. La Follette is drawing
heavily from both sides in the Coast
State.

In Illinois, the La Follette vote of
12,726 is drawn from 2,318 former
Democrats and 6,715 former Republi-
cans, with 3,353 who did not vote
in 1920. Mr. Coolidge's vote of 36-
309 in the same State is drawn, 28,
635 from former Republicans, and
1,956 from former Democrats, with
5,647 not specifying.

"Mr. Davis's vote of 8,147, how-
ever, includes almost as many former
Republican votes as Mr. Coolidge's
includes former Democrats. In
spite of his total vote of less than
one-fourth of the number credited
to Mr. Coolidge, the Democratic candi-
date has captured 1,366 ex-Republi-
cans. The whole matter of this
floating vote, will, of course, gain in
significance with increasing re-
turns."

"Of course," The Digest explains,
"it must be taken into consideration
that the present poll is just getting
under way, with 1,000,000 ballots
per day still being mailed out to vari-
ous parts of the country, that 36 of
the 48 States are still to be heard
from, and that there is thus far only
a comparatively small vote from the
twelve States now reported. Two
weeks may considerably change the
complexion of the returns.

"Postal returns come back quicker
from the cities than from the rural
districts, so that the early returns
in a poll of this sort represent a pre-
ponderance of 'city voters,' just as
the early returns on election night
are from the centers of population.

"The farming districts will be
heard from later. The 15,000,000
ballots of The Digest's poll have
been distributed in such a way that
the farming population is sure of its
full quota of ballots, and farmers, by
and large, are likely to be more ready
than are the city dwellers, to take
an interest in marking their ballots

GATHER together the biggest wash you can find—and call for a
Maytag Gyrafoam Washer.

Find out why the Maytag's exclusive principle of water turbulence
washes twice as fast as others. Why you will average 50 lbs. of dry
clothes an hour. Why you will obtain snow-white wrishands, col-
lars and cuffs without hand-rubbing. Silks, linens, woolsens—im-
maculate in 3 to 7 minutes. Why and how the cast aluminum tub
cleans itself in 30 seconds.

Then there's the all-metal wringer, low design, right where you
want a wringer—close to the water line. Feed it blankets or hand-
kerchiefs—adjustment is automatic—tension release instantaneous.

Prove all these things in
your own home. We will
bring the washer to you.

9 Outstanding Maytag Features

1—Washes faster. The Gyra-
foam Principle creates a more
highly energized, turbulent and
continuously effective water ac-
tion. No idle water.

2—Washes cleaner. The Gy-
rafoam Principle mixes the soap
evenly through the water, and
forces the super-cleansing,
soaper washing solution thru
the meshes of the clothes. No
idle suds.

3—Largest hourly capacity in
world—50 lbs. ordinary family
wash per hour.

4—Most compact washer made
—takes floor space only 25
inches square.

5—Cast aluminum tub—can't
warp, rust, rot, swell, split nor
corrode.

6—Easily adjusted to your
height, and height of tubs.

7—Clothes can be put in or
taken out while washer is run-
ning.

8—Tub cleans itself in thirty

teresting to observe how firmly the
La Follette strength is holding up in
California. The first returns, re-
ported last week, gave Coolidge 1-
624, La Follette, 1,561, and Davis
233. This week, the figures stand
Coolidge 22,848, La Follette 19,829,
and Davis 3,008. Most Republican
political prophets have placed Cali-
fornia in the certain column for
Coolidge, and founded their compu-
tations on a total electoral vote in
which the Pacific State's thirteen bal-
lots were included.

"California, it is recalled, upset
one election, not long since, and,
from present indications, the State
is far from firmly planted in the Re-
publican column.

"The drift of votes, shown in a
general way by a tabulation of 'How
the Same Voters Voted in 1920,'
seems to suggest a loss of Republi-
can strength to La Follette in Cali-
fornia, a much smaller loss in Illi-
nois, Pennsylvania, and New York.
Analyzing the vote in more detail, it
appears from the markings of the
ballots, that, of Mr. Coolidge's 22-
848 votes from California 16,976 of
the voters were Republicans in the
last elections, 1,431 were Democrats,

and 4,364 either cast no vote or neg-
lected to declare their previous affil-
iation.

"Of Mr. La Follette's vote of 19-
829, 10,075 say that they voted the
Republican ticket in 1920 and 4-
010 say they voted Democratic with
5,134 not voting. It appears, there-
fore, that Mr. La Follette is drawing
heavily from both sides in the Coast
State.

In Illinois, the La Follette vote of
12,726 is drawn from 2,318 former
Democrats and 6,715 former Repub-
licans, with 3,353 who did not vote
in 1920. Mr. Coolidge's vote of 36-
309 in the same State is drawn, 28-
635 from former Republicans, and
1,956 from former Democrats, with
5,647 not specifying.

"Mr. Davis's vote of 8,147, how-
ever, includes almost as many for-
mer Republican votes as Mr. Cool-
idge's includes former Democrats. In
spite of his total vote of less than
one-fourth of the number credited to
Mr. Coolidge, the Democratic candi-
date has captured 1,366 ex-Repub-
licans. The whole matter of this
floating vote, will, of course, gain in
significance with increasing re-
turns."

"Of course," The Digest explains,
"it must be taken into consideration
that the present poll is just getting
under way, with 1,000,000 ballots
per day still being mailed out to var-
ious parts of the country, that 36 of
the 48 States are still to be heard
from, and that there is thus far only
a comparatively small vote from the
twelve States now reported. Two
weeks may considerably change the
complexion of the returns."

"Postal returns come back quicker
from the cities than from the rural
districts, so that the early returns
in a poll of this sort represent a pre-
ponderance of 'city voters,' just as
the early returns on election night
are from the centers of population.

"The farming districts will be
heard from later. The 15,000,000
ballots of The Digest's poll have
been distributed in such a way that
the farming population is sure of its
full quota of ballots, and farmers, by
and large, are likely to be more ready
than are the city dwellers, to take
an interest in marking their ballots

GATHER together the biggest wash you can find—and call for a
Maytag Gyrafoam Washer.

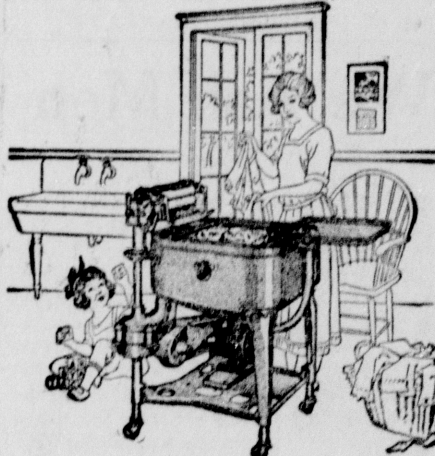

Find out why the Maytag's exclusive principle of water turbulence
washes twice as fast as others. Why you will average 50 lbs. of dry
clothes an hour. Why you will obtain snow-white wristbands, col-
lars and cuffs without hand-rubbing. Silks, linens, woollens—im-
maculate in 3 to 7 minutes. Why and how the cast aluminum tub
cleans itself in 30 seconds.

Then there's the all-metal wringer, low design, right where you
want a wringer—close to the water line. Feed it blankets or hand-
kerchiefs—adjustment is automatic—tension release instantaneous.

Prove all these things in
your own home. We will
bring the washer to you.
No obligations whatever.

FIRE PREVENTION WEEK

THIS year "Fire Prevention Week" will cover the period from October 5 to the 11th, inclusive. It was on October 9, just fifty-three years ago that the Chicago fire, one of the greatest conflagrations in the history of the world occurred and "Fire Prevention Week" is in memory of that disaster.

In a proclamation issued this week and requesting observance of the period named, Governor J. A. O. Preus calls attention to the fact that in the year 1923, in the United States, 15,000 persons lost their lives by fire and that there was a property loss of \$550,000,000. On the basis of the last federal census this was a per capita loss of \$5.

While the loss of lives and property is slightly under that of the year previous still the toll is appalling and calls for the serious consideration of every property owner and citizen in the state. As his excellency points out fire insurance by no means covers the loss; it merely distributes the burden of paying for the property destroyed. "At a time when timber is growing scarcer and higher in prices," says the chief executive, "we can ill afford to permit this huge waste of material."

The word stupendous best describes the property loss as reported but it is the great loss of life that appeals. That 15,000 lives should have been snuffed out by the fire fiend is unthinkable, yet such is a fact and the records can not be disputed. Caution and prevention would have greatly minimized both and it is for the advancement of the two that "Fire Prevention Week" has been devised. "Minnesota," Governor Preus says, "can aid materially by giving the week the attention it is entitled to."

One of the chief objects of the state fire marshal department, of which B. L. Kingsley is the head, is the dissemination of knowledge concerning Fire Prevention and the necessity of being constantly on the job. With this department "Fire Prevention Week" is an annual event and nothing is left undone in bringing the need of its observance to the attention of every citizen and property owner in the state.

In furtherance of the movement Mr. Kingsley has invoked the aid of municipal officers and fire prevention officials in every town and city in Minnesota and the replies in every case have been assuring. School officials have also been asked to help.

As in former years observance of the week will take the form of fire prevention parades, participation by civic and commercial organizations, distribution of fire prevention literature among the homes, a general cleaning up of property and premises by the owners, an inspection of such by the local officials and fire prevention lectures in the schools. In many towns and cities there will be a complete Fire Prevention Week Program with the local civic organizations and municipal officers in control and the public burning of rubbish heaps.

As State Fire Marshal Kingsley puts it, "Let's make Fire Prevention Week a Fireless Week in Minnesota."

WHERE THE MOVIES ARE AT FAULT

THE movies are at fault in one instance, and that is in having scenarios portrayed which do not give the proper punishment for crimes committed. Go to the average wild west picture, or roaring north tragedy, or East side of New York escapades, or society high life affair, and every crime of the calendar seems to be committed with impunity.

Pictures of the far north are shown where men are shot down in barrooms or dance halls and unceremoniously cast out into the street, as one would throw out a dead dog, while the "house," after the little gun shooting, resumes its sway of drinking, dancing and faro playing.

There is where the pictures are lame. It leads a plastic, ignorant foreigner to believe that shooting is legal, for the picture rarely, if ever, shows avenging justice on the scene.

Take the roaring forties of the north. Never a crime committed there, but justice sought out the offender and punishment was legally imposed. Northwest police sergeants have traveled thousands of miles into trackless wilderness to get offenders and bring them before the bar of justice. The crime of murder, whether committed in the silent wastes or the crowded camps of the miners was swiftly punished, and punished adequately.

The dime novel literature, much inveighed against, has at least one thing to recommend it. The last chapter sees that the villain has his just deserts. The movies, on the other hand, really glorify crime in the eyes of an ignorant spectator. Generally no pang of conscience, no punishment by the law, seems to be visited upon the offender. It is this point that needs adjustment in the scenarios of all silver sheet writers. It disgusts the average onlooker to see a film villain break every commandment of Moses and escape scot free. The fiction end of the picture is forgotten and its apparent realism is impressed on the receptive brain of a moron or other ignorant person viewing the show.

If Will Hayes wants to reform the picture business, let him start on this foundation or basic treatment of scenarios and make justice triumphant before the last fadeout.

COOLIDGE AGAIN LEADING

THE second week's returns in the huge "Literary Digest" poll show Coolidge again leading. La Follette retains second place and Davis is third, with the strong democratic states yet to report.

"The Literary Digest" has gone to great expense to make it an accurate poll giving definite information. The postage bill, assumed by the "Literary Digest," is in itself a large figure. Every precaution has been taken to insure accuracy.

TIMBER VERDICT TO BE ATTACKED

R. L. HOPP SEEKS VACATION OF
\$18,000 FINDING FOR
STATE

St. Paul, Minn., Sept. 26.—Findings of District Judge O. B. Lewis in the case of the state against R. L. Hopp, Minneapolis lumberman, did not satisfy the defendant.

Today notice was filed in district court by Fryberger, Fulton, Hoshour & Ziesmer, Duluth, and F. M. Catlin, attorneys for Mr. Hopp that they will move at special term of court Oct. 4 for an order setting aside the findings.

The action was one brought by the state to recover money for timber cut in Koochiching county on timber permits granted by the state, the state contending that the timber taken from the six tracts involved was not properly sealed and reported.

The state asked \$19,004.50 damages, with interest, and Judge Lewis awarded the state \$18,572.08 and interest.

James E. Markham and E. C. Carman, assistant attorneys general, represented the state and H. B. Fryberger and Frederick M. Catlin appeared as attorneys for the defendant.

In its motion today, the defendant bases its motion on misconduct of the attorneys for the plaintiff; claims that the damages are excessive and appear to have been given under influence of passion and prejudice; sets forth errors of law at the trial and alleges the findings are not justified by the evidence.

In his findings, Judge Lewis held that the state was the owner of the lands and that the defendant through authorized agents, E. W. Backus and the International Lumber Co., cut and removed timber from the land and that the scales of the timber reported to the state were false and incorrect.

Ott H. Diecks, state superintendent of timber, rescaled the timber and as a result of the discrepancy between his scale and that reported by the defendant, the state brought suit.

We Ask Men

To protect their hair

By Edna Wallace Hopper
I speak for all women when I say that we want men to keep their looks. And above all, their hair.

The women do that. You would never forgive us if we did not. We beg you to follow our example.

My whole career on the stage has depended largely on my hair. So many years ago I went to France and secured the best hair helps she knew. And I have kept up with every new discovery.

The result is my hair as you see it. It is thick and lustrous, finer far than 40 years ago. I have never had falling hair or dandruff, and never a touch of gray. Now countless women who use what I use are attaining like results.

I am offering to women the best I have found, and men are also welcome. My Hair Youth combines the utmost that modern science knows. I am sure that no one knows anything for the hair which does what this combination does.

I apply it with an eye-dropper directly to the scalp. Applying tonics to the hair is ridiculous. The whole thing lies in the scalp, in the roots, and there my Hair Youth goes.

It combats the hardened oil and dandruff which stifle the hair roots. It tones and stimulates the scalp. Hair thrives on such a soil as flowers thrive by like methods.

I believe that my Hair Youth now combines the greatest hair helps in existence. I have never seen anything else which brought comparable results.

Now I have placed it in every drug store, on every toilet counter. All who desire may obtain it. The name is Edna Wallace Hopper's Hair Youth. It will amaze and delight you. I authorize every dealer to return the price to anyone who claims the slightest disappointment.

Write me for my Beauty Book and I'll send with it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

ONLY SECTION OF LAW HELD INVALID

City Attorney D. H. Fullerton Discussed Newly Adopted Peddlers' Ordinance

TEST CASE BROUGHT

Single Provision Prohibiting Licensing of Peddling Fruits and Vegetables Held Void

Editor, Brainerd Daily Dispatch, Brainerd, Minnesota.

Dear Sir:

Having noticed two articles in the Brainerd Daily Dispatch, relative to the present status of City Ordinance No. 318, which articles convey the wrong impression, I believe, I wish to submit the following:

In June, 1924, the Minnesota Reference Bureau of the League of Minnesota Municipalities submitted a recommended model Transient Merchant and Peddlers Ordinance to the City. This ordinance provided for license fees to be paid by all peddlers and transient merchants doing business in the City of Brainerd. It exempted by its terms, as does the state law, ex-service men from the payment of license fees upon presentation of their Honorable Discharge from the United States Army, Navy or Marine Corps. The proposed ordinance had many good features and was in a general way superior to the old Peddlers Ordinance in operation for many years in the City of Brainerd. It did, however, contain a clause prohibiting the peddling of certain specific articles such as fruits and vegetables, except, of course, by the producer of such articles.

On September 17, 1924, two ex-service men made application to the city clerk, who made out the regular application form and sent the same to the Mayor for approval as required by the ordinance. Such application asked for a license to peddle fruits. The Mayor, following the clause prohibiting the issuance of a license for this purpose, did not approve the application. The ex-service men, through their attorney, petitioned the District Court for an order requiring the issuance of such license. The Mayor submitted the facts to me and I wrote an opinion to him, asking that he issue the license. This opinion was followed.

Inasmuch as the city, after considering the matter, decided that the men were entitled to the license it was not deemed advisable to make any appearance except to show to the District Court that the city was issuing such license.

I might state that I appeared at the District Court Chambers at the time set for hearing, presented the opinion to Judge McClenahan showing our position in the matter. Judge McClenahan ruled that the license should be granted but did not hold this ordinance to be unconstitutional and void, but only that the single provision prohibiting the licensing of the peddling of fruits and vegetables was void.

The present status under Ordinance No. 318 is that all persons peddling any articles, or any person doing a transient business in this city, must pay the license fee or present his Honorable Discharge from

The result is my hair as you see it. It is thick and lustrous, finer far than 40 years ago. I have never had falling hair or dandruff, and never a touch of gray. Now countless women who use what I use are attaining like results.

I am offering to women the best I have found, and men are also welcome. My Hair Youth combines the utmost that modern science knows. I am sure that no one knows anything for the hair which does what this combination does.

I apply it with an eye-dropper directly to the scalp. Applying tonics to the hair is ridiculous. The whole thing lies in the scalp, in the roots, and there my Hair Youth goes.

It combats the hardened oil and dandruff which stifle the hair roots. It tones and stimulates the scalp. Hair thrives on such a soil as flowers thrive by like methods.

I believe that my Hair Youth now combines the greatest hair helps in existence. I have never seen anything else which brought comparable results.

Now I have placed it in every drug store, on every toilet counter. All who desire may obtain it. The name is Edna Wallace Hopper's Hair Youth. It will amaze and delight you. I authorize every dealer to return the price to anyone who claims the slightest disappointment.

Write me for my Beauty Book and I'll send with it something else to please you. Edna Wallace Hopper, 536 Lake Shore Drive, Chicago.

ONLY SECTION OF LAW HELD INVALID

City Attorney D. H. Fullerton Discussed Newly Adopted Peddlers' Ordinance

TEST CASE BROUGHT

Single Provision Prohibiting Licensing of Peddling Fruits and Vegetables Held Void

Editor, Brainerd Daily Dispatch, Brainerd, Minnesota.

Dear Sir:

Having noticed two articles in the Brainerd Daily Dispatch, relative the present status of City Ordinance No. 318, which articles convey the wrong impression, I believe, I wish to submit the following:

In June, 1924, the Minnesota Reference Bureau of the League of Minnesota Municipalities submitted a recommended model Transient Merchant and Peddlers Ordinance to the City. This ordinance provided for license fees to be paid by all peddlers and transient merchants doing business in the City of Brainerd. It exempted by its terms, as does the state law, ex-service men from the payment of license fees upon presentation of their Honorable Discharge from the United States Army, Navy or Marine Corps. The proposed ordinance had many good features and was in a general way superior to the old Peddlers Ordinance in operation for many years in the City of Brainerd. It did, however, contain a clause prohibiting the peddling of certain specific articles such as fruits and vegetables, except, of course, by the producer of such articles.

On September 17, 1924, two ex-service men made application to the city clerk, who made out the regular application form and sent the same to the Mayor for approval as required by the ordinance. Such application asked for a license to peddle fruits.

The Mayor, following the clause prohibiting the issuance of a license for this purpose, did not approve the application. The ex-service men, through their attorney, petitioned the District Court for an order requiring the issuance of such license. The Mayor submitted the facts to me and I wrote an opinion to him, asking that he issue the license. This opinion was followed.

Inasmuch as the city, after considering the matter, decided that the men were entitled to the license it was not deemed advisable to make any appearance except to show to the District Court that the city was issuing such license.

I might state that I appeared at the District Court Chambers at the time set for hearing, presented the opinion to Judge McClenahan showing our position in the matter. Judge McClenahan ruled that the license should be granted but did not hold this ordinance to be unconstitutional and void, but only that the single provision prohibiting the licensing of the peddling of fruits and vegetables was void.

The present status under Ordinance No. 318 is that all persons peddling any articles, or any person doing a transient business in this city, must pay the license fee or present his Honorable Discharge from

the United States Army, Navy or Marine Corps, in lieu of the payment of such license fee.

D. H. FULLERTON,
City Attorney.

NEW EGG UNITS JOIN MINNESOTA EXCHANGE

A. A. McPheters, manager of the Minnesota Egg and Poultry Exchange, announced last week that two new marketing units affiliated with the state organization began business Monday, September 15.

The new members of the Exchange include the Lincoln County Egg and Poultry Producers' Association, of Lake Benton, of which A. A. Kosmoski is manager; and the Thief River Valley Cooperative Poultry and Marketing Association, of Thief River Falls, of which O. B. Norby is manager.

It is expected that three other associations will be in operation by the end of September.

AMERICAN CAN COOK ONLY HAM AND EGGS

WORLD'S POOREST, SAYS HOTEL MAN, WHO SEES A FAMINE THROUGHOUT THE LAND

Oklahoma City, Okla., Sept. 26.—God save the Americans if all of them had to eat what American cooks give them. Americans are the poorest cooks in the world.

So said the manager of one of the largest hotels in the United States on a visit here.

"The United States is going thru a cook famine, has been since the war," he declared. "Oh, of course, there are plenty of cooks, but the manager of any good hotel will tell you good cooks are scarcer than ever before. And the best are almost never Americans."

"The cooks who know the standards of cooking or how to prepare food are the foreigners. Americans are nothing but ham-and-eggers. They slap together in any old way. But a French cook serves a four-year apprenticeship before he's considered a full-fledged cook."

"Seventy-five per cent of all the foreign cooks left the United States when the war came, and most of them have not come back. The French, Swiss and German cooks are missed the most."

"There is a great hope in developing negro cooks, who seem to have a natural inclination toward cooking. Maybe the famine will soon be relieved by the training school for cooks just established in Chicago by the American Caterers' Association."

ONTARIO TO VOTE FOR OR AGAINST BOOZE ON OCT. 23; HOT CAMPAIGN

Toronto, Ont., Sept. 25. — Two questions only will be on the ballots used by voters on October 23, the date set to decide the future of the Ontario temperance act, which has been in effect in the province since 1916.

Premier Ferguson has announced the questions would be:

"Are you in favor of the continuance of the Ontario Temperance Act?"

"Are you in favor of the sale as a beverage of beer and spirituous liquor in sealed packages under Government control?"

If the second question is answered favorably, Ontario will go under the same kind of a law that prevails in Quebec, her neighboring province to the east. Each Canadian province has home rule on the liquor problem, somewhat similar to the old local option and state prohibition laws in the United States before National prohibition.

The present Ontario temperance law permits the sale of beer (called ale here) with an alcoholic content of not to exceed 2½ per cent by volume.

As a general proposition the industrial centers of Ontario are expected to vote against the existing law by a large majority. This is especially true of Peterboro, Toronto, Hamilton and Windsor. The rural vote is largely a "dry" vote, but there has been little interference with the cider and home wine in the agricultural districts.

The campaign has been bitterly fought, with mass meetings, street parades and a close organization of "wets" under an association similar to the anti-dry organization in the United States. Generally speaking the wet movement is lead by old conservative party leaders.

KITCHEN BOUQUET

Made from fresh vegetables. Gives rich flavor, color and taste to all home cooking.

Onion Soup

1 tablespoon Kitchen Bouquet; 5 large onions; 1 tablespoon finely minced carrot; 3 tablespoons butter; 5 tablespoons flour; 3½ pints boiling water; salt and pepper to taste; 3 bouillon cubes; ¼ cup thin cream. Peel and parboil onions for 3 minutes, drain and chop fine, place in saucepan with carrot and butter and simmer 5 minutes. Add flour, stir and add boiling water, salt and pepper and cook slowly a half hour. Strain, add bouillon cubes and stir until dissolved. Add Kitchen Bouquet and cream. Place several pieces toast in tureen, pour over soup and serve at once.

Mock Terrapin Soup

Boil 1½ pounds of calf's liver in salt water for half an hour; add small herbs; 6 grains of pepper; one teaspoonful cloves; a few slices of onion, carrot, etc. When the vegetables are done, take them out and mash by putting them through a colander. Make a Spanish sauce by frying bacon; put into the fat a little slice of onion, 6 peppers, two sprigs celery, one-half cup tomato and cook brown. Make a paste of one teaspoonful of salad oil, a yolk of hard boiled egg, dust of cayenne pepper, make into small balls; put these into Spanish sauce, then put the sauce into the soup. When they come to the top, skim them out. Add 1 teaspoonful Kitchen Bouquet. Put in the tureen a slice of lemon, and pour in the soup, then cut the calf's liver into small bits and add it.

Savory Chowder

1 teaspoonful Kitchen Bouquet; 1 qt. diced raw potatoes; ¾ lb. chipped beef; 4 tablespoons butter; 1 cupful corn; 1 medium-sized onion, chopped fine; a small piece of red pepper; 1½ cupfuls hot milk; 2 cupfuls hot water. Put butter, onion, meat and some of the potatoes in the saucepan and fry golden brown, then add hot water and the rest of the potatoes and pepper. Stew slowly till done, about 1 hour. If one uses green corn, score down the rows of kernels and scrape out the inside. Cook this in a little water separately, being careful not to scorch it. When the other mixture is done, add the hot milk, corn, Kitchen Bouquet and salt to taste. Let boil up once and serve hot with crackers.

KITCHEN BOUQUET

Made from fresh vegetables. Gives rich flavor, color and taste to all home cooking.

Onion Soup
1 tablespoon Kitchen Bouquet; 5 large onions; 1 tablespoon finely minced carrot; 3 tablespoons butter; 5 tablespoons flour; 3/4 pint boiling water; salt and pepper to taste; 3 bouillon cubes; 1/2 cup thin cream. Peel and parboil onions for 3 minutes, drain and chop fine, place in saucepan with carrot and butter and simmer 5 minutes. Add flour, stir and add boiling water, salt and pepper and cook slowly a half hour. Strain, add bouillon cubes and stir until dissolved. Add Kitchen Bouquet and cream. Place several pieces toast in tureen, pour over soup and serve at once.

Mock Terrapin Soup
Boil 1 1/2 pounds of calf's liver in salt water for half an hour; add small herbs; 6 grains of pepper; one teaspoonful cloves; a few slices of onion, carrot, etc. When the vegetables are done, take them out and mash by putting them through a colander. Make a Spanish sauce by frying bacon; put into the fat a little slice of onion, 6 peppers, two sprigs celery, one-half cup tomato and cook brown. Make a paste of one teaspoonful of salad oil, a yolk of hard boiled egg, dust of cayenne pepper, make into small balls; put these into Spanish sauce, then put the sauce into the soup. When they come to the top, skim them out. Add 1 teaspoonful Kitchen Bouquet. Put in the tureen a slice of lemon, and pour in the soup, then cut the calf's liver into small bits and add it.

Savory Chowder
1 teaspoonful Kitchen Bouquet; 1 qt. diced raw potatoes; 3/4 lb. chipped beef; 4 tablespoons butter; 1 cupful corn; 1 medium-sized onion, chopped fine; a small piece of red pepper; 1 1/2 cupfuls hot milk; 2 cupfuls hot water. Put butter, onion, meat and some of the potatoes in the saucepan and fry golden brown, then add hot water and the rest of the potatoes and pepper. Stew slowly till done, about 1 hour. If one uses green corn, score down the rows of kernels and scrape out the inside. Cook this in a little water separately, being careful not to scorch it. When the other mixture is done, add the hot milk, corn, Kitchen Bouquet and salt to taste. Let boil up once and serve hot with crackers.

SPECIAL OFFER: Send 10 cents for generous size trial bottle. Folder containing other recipes sent free on request.

"CAPTAIN BLOOD," a Vitaphone picture with J. Warren Kerrigan in the title role, is an adaptation of this thrilling novel.

SYNOPSIS

Captain Peter Blood, buccaneer, commands a fleet of pirates. The Spanish ship Milagrosa sinks the Royal Mary and Arabella Bishop, with whom Blood is in love, and Lord Wade, sent to the West Indies to make peace with piracy, are prisoners. Captain Blood's flagship, the Arabella, sails into the Milagrosa and her sister ship, the Hidalgo, and engages them in battle.

CHAPTER XVI—Continued

Instead of holding to her course as Don Miguel had fully expected she would, the Arabella had gone about under cover of the smoke, and sailing now in the same direction as the Milagrosa, was converging sharply under her across the wind, so sharply that almost before the frenzied Don Miguel had realized the situation, his vessel staggered under the rending impact with which the other came hurtling alongside. There was a rattle and clank of metal as a dozen grapnels fell, and tore and caught in the timbers of the Milagrosa, and the Spaniard was firmly gripped in the tentacles of the English ship.

Beyond her and now well astern the veil of smoke was rent at last and the Hidalgo was revealed in desperate case. She was bilging fast. The attention of her hands was being entirely given to a desperate endeavor to launch the boats in time.

Of this Don Miguel's anguished eyes had no more than a fleeting but comprehensive glimpse before his own decks were invaded by a wild yelling swarm of boarders from the grappling ship. For a moment there was a valiant effort by some of Don Miguel's officers to rally the men for a stand against these invaders. But the Spaniards' hastily formed ranks were smashed before they could be steadied; driven across the waist to the break of the poop on the one side, and up to the fore-castle bulkheads on the other, the fighting resolved itself into a series of skirmishes between groups.

Soon, however, the rage of that brief fight was spent. The banner of Castile came fluttering down from the masthead. A buccaneer had slashed the halyard with his cutlass. The boarders were in possession. Suddenly Miss Bishop recovered from her nausea, to lean forward staring wild-eyed, whilst if possible her cheeks turned yet a deadlier hue than they had been already.

Picking his way daintily through that shambles in the waist came a tall man with a deeply tanned face that was shaded by a Spanish headpiece. Up the broad companion to

the quarter-deck he came, moving with easy assurance, until he stood before the Spanish Admiral. A crisp, metallic voice, speaking perfect Spanish, reached those two spectators on the poop and increased the admiring wonder in which Lord Julian had observed the man's approach.

"We meet again at last, Don Miguel," it said. "I hope you are satisfied. Although the meeting may not be exactly as you pictured it, at least it has been very ardently sought and desired by you."

Speechless, livid of face, his mouth distorted and his breathing labored, Don Miguel de Espinosa uttered an inarticulate cry of rage, and his hand swept to his sword. But even as his fingers closed upon the hilt the other's closed upon his wrist to arrest the action.

"What do you intend by me?" the Spaniard inquired at last, his voice hoarse. Captain Blood shrugged. The firm lips smiled a little. "All that I intend has been already accomplished. Your boats are being launched. You are at liberty to embark in them with your men before we scuttle this ship. Yonder are the shores of Hispaniola. Get you home, to Spain, Don Miguel, and to concerns that you understand better than this trade of the sea."

Lord Julian stood forward to meet him.

"Ye don't mean, sir, that you'll let that Spanish scoundrel go free?" he cried.

"And who the devil may you be?" Captain Blood asked, with a marked Irish accent.

"I am Lord Julian Wade."

"Are you, indeed? Then perhaps you'll explain what the plague you're doing aboard this ship?"

Lord Julian controlled himself to afford the desired explanation. He did so shortly and impatiently.

"He took you prisoner, did he—along with Miss Bishop there?"

"You are acquainted with Miss Bishop?" cried his lordship, passing from surprise to surprise.

But this mannerless fellow had stepped past him, and was making a leg to the lady, who on her side remained unresponsive and forbidding to the point of scorn. Observing this, he turned to answer Lord Julian's question.

"I had that honor once," said he. "But it seems that Miss Bishop has a shorter memory."

His lips were twisted into a wry smile, and there was pain in the blue eyes that gleamed so vividly under his black brows, pain blending with

the mockery of his voice. But of all this it was the mockery alone that was perceived by Miss Bishop; she resented it.

"I do not number thieves and pirates among my acquaintance, Captain Blood," said she; whereupon his lordship exploded in excitement.

"Captain Blood!" he cried. "Are you Captain Blood?"

"If you'll escort Miss Bishop aboard my ship, I shall be obliged to you," he heard Blood's voice in level tones. "I beg that you'll make haste. We are about to scuttle this hulk."

CHAPTER XVII

THIEF AND PIRATE

Captain Blood paced the poop of his ship alone in the tepid dusk and the growing golden radiance of the great poop lantern in which a seaman had just lighted the three lamps. About him all was peace. The signs of the day's battle had been effaced. A group of men squatting about the main hatch were drowsily chanting, their hardened natures softened, perhaps, by the calm and beauty of the night. Captain Blood did not hear them; he did not hear anything save the echo of those cruel words which had dubbed him thief and pirate!

Thief and pirate!

That he should ever meet Arabella Bishop again had not entered his calculations, had found no place in his dreams. They were, he conceived, irrevocably and for ever parted. Yet, in spite of this, in spite even of the persuasion that to her this reflection that was his torment could bring no regrets, he had kept the thought of her ever before him in all those wild years of filibustering.

Thief and pirate! She had summoned him up, convicted him and sentenced him in that one phrase. He was thief and pirate in her eyes; nothing more, nothing less. What, then, was she? What are those who have no charity? he asked the stars. Thief and pirate she had branded him. She could be justified. Thief and pirate should he prove henceforth; no more nor less; as bowless, as remorseless, as all those others who had served those names. She had shown him clearly to which world he belonged. Let him now justify her. She was aboard his ship, in his power, and he desired her.

He laughed softly, jeeringly, as he leaned on the taffrail, looking down at the phosphorescent gleam in the ship's wake, and his own laughter startled him by its evil note. He checked suddenly, and shivered. A sob broke from him to end that ribald burst of mirth. He took his face in his hands and found a chill moisture on his brow.

Meanwhile Lord Julian was engaged in solving the curious problem that had so completely escaped the buccaneer. He was spurred to it by vague stirrings of jealousy. He wondered what precisely might have been her earlier relations with Captain Blood. He had observed, for

instance, that Blood's ship was named the Arabella, and he knew that Arabella was Miss Bishop's name. And he had observed all the odd particulars of the meeting of Captain Blood and Miss Bishop, and the curious change that meeting had wrought in each.

SMART FUR COATS, CHOKERS

Girshcow Fur Co. of St. Paul to Have Display and Sale at E. H. Jones' Store Oct. 1 to 4

Next week, beginning on Wednesday and continuing until Saturday evening, the lady folk of Brainerd and vicinity will have an opportunity of seeing and purchasing the smartest and finest of fur coats and chokers that have ever been shown anywhere in the Northwest.

The very newest in coats, made in the most attractive styles of popular furs, such as Muskrat, Raccoon, Northern Bay Seal, Australian Opossum, in fact every kind of fur that is today being worn by the most exact of smart dressers.

Many years ago, in St. Paul, was organized a small fur manufacturing concern, known as The Girshcow Fur Company. The officers, not content to remain small went to the highest grade dealers in the East, namely New York and Chicago and convinced these experienced buyers

that they were designers who could produce garments far in advance of the styles they were then showing. The result was that the small factory no longer remains but in its place today stands one of the largest fur manufacturing enterprises in the country.

Many of the Brainerd women are already familiar with the Girshcow line and will be anxiously waiting for the display and sale, which will be personally conducted by the Girshcow Fur Company of St. Paul, at the E. H. Jones store on Front St., on Oct. 1st, 2nd, 3rd and 4th.

TAKES UP HIGH SCHOOL SITE

Will Submit to Voters at Special Election November 4, Two Proposed Sites

The Board of Education of the Brainerd school district reduced its tax levy for the ensuing year 4 1/2 to 5 1/2 mills below last year's levy, and decided to submit two proposed sites for a new school building to the voters at a special election to be held on November 4th. These actions, with others were taken at a special called meeting of the board on Monday evening.

The call for this meeting was for the purpose of considering three matters, first the purchase of additional equipment for the manual training department of the schools, second the consideration of expense and tax levy for the coming year, and action upon the retirement of state bonds, and third, action relative to ordering a special election for deciding upon a new high school site.

At a previous meeting of the board, a special committee consisting of M. E. Morrison, Superintendent W. C. Cobb and Secretary L. F. Hohman was authorized to purchase a jointer machine for the manual training department. When this committee went into the matter, it concluded and reported to the board that a lathe should also be installed.

After the explanations were given by members of this committee and by Mr. Rosel, supervisor of the manual training department, a motion carried to allow the committee to purchase a lathe in addition to the jointer, thus giving the manual training department two up-to-date pieces of equipment for its work.

President George D. LaBar, working with the chairman of the finance committee, worked out a plan whereby the board will be able to reduce its tax levy for the ensuing year from 4 1/2 to 5 1/2 mills below last year's levy, and still be able to participate in the gross earnings distribution.

This plan was reported and explained by F. M. Hagberg, chairman of the finance committee, and Mr. LaBar. The substance of the plan is that in view of the fact that the district has no bonds coming due next year, other than state bonds, the board has decided to make no levy for a sinking fund.

In omitting an allowance for the sinking fund, the board is eliminating a \$5,000 item made in the estimate of the year's expenses by the finance committee, submitted at the last board meeting.

Retiring Bonds

The board proposes to retire \$10,000 of state bonds out of a surplus on hand. These bonds would become due next year and the years following. The board further proposes to retire the remaining \$10,000 of state bonds next April, and this will clean up the entire state bond issue of \$35,000. A resolution was adopted covering this matter and authorizing the officers of the board to draw the necessary warrants and make the proper transfers of school funds for this purpose and for accrued interest. All members present voted for the adoption of the resolution.

The school levy was on motion placed at 4 1/2 mills for maintenance of the schools, plus \$1,750 for interest on bonds other than state bonds. Last year the levy amounted to 44 mills, plus the state's levy as given to the county auditor.

Consideration of Sites

The last item on the call for the meeting was for consideration of sites for a new high school building. President LaBar mentioned to the board the advisability of getting some action toward a new building and deemed it a duty of the board to exert every effort toward that end. It was felt that the board should do its part in getting the issues before the people for them to vote upon, the board is then relieved of any responsibility, as it will have done its part toward getting more school room space, which is so very badly needed.

After a general discussion on the matter a resolution was adopted unanimously, setting forth the fact that written requests had been received, signed by more than five voters of the district and asking that two different sites be submitted to the voters at the election on November 4th, and the board resolved to submit the matter to a vote at that time. The clerk was instructed in the resolution to prepare all necessary notices and prerequisites for a special election on

November 4th and the form of the ballot for this election was drawn up in substantially the following form:

Form of School Ballot

Shall the Board of Education be authorized to acquire the following property lying immediately north and adjacent to Kingwood street, between Tenth street north and Bluff avenue, described as follows: Lots numbered one to nine, both inclusive, and lots numbered 16 to 24 both inclusive, of Block 82, first addition to the town (now city) of Brainerd, and lots numbered 10 to 15, both inclusive, of block 82, as a school site, and erect a school building thereon?

Yes ☐
No ☐

And as a second question:

Shall the Board of Education be authorized to acquire the following property located immediately north and adjacent to Oak street, between Sixth street south and Seventh street south, and described as follows: Block numbered 129 of the town (now city) of Brainerd, as a school site and erect a school building thereon?

Yes ☐
No ☐

All members of the board were present at Monday night's special meeting except Mrs. A. H. Anderson.

Plans Made For a Birthday Party For Girls Who Will Cast Their First Vote in Coming Election

At a meeting of the League of Women Voters Wednesday evening at the Y. M. C. A. the following officers were elected for the coming year: Chairman, Mrs. W. C. Cobb; Recording Secretary, Mrs. F. M. Kelly; Treasurer, Mrs. Henry I. Cohen; Mrs. E. J. Quinn, and Mrs. S. Newman were re-elected to the offices of Vice-chairman and Corresponding Secretary.

Plans were made for a birthday party for the girls who will cast their first vote in the coming election. The League is anxious to ascertain the name of every single girl in Brainerd who is eligible to an invitation to this party. All such are urgently requested to telephone to Miss Genevieve Flannagan. The occasion will probably be made a get out the vote rally with speakers who will emphasize the importance of voting. As the National League of Women Voters was the first organization to consecrate itself to the task of getting out 75 per cent of the vote, it is time that plans were being made to fulfill this obligation in Crow Wing county. In his book, "The Great Game of Politics," Frank R. Kent says: "This problem of getting back to government by the majority is the real one in America today. Solve it and it will solve all the others." The League of Women Voters has undertaken to help solve this problem. If you love your country, show your loyalty by coming to

the Get Out the Vote Rally and by the offer of practical suggestions and personal effort.

The Corresponding Secretary was asked to write and find out what date in October could be secured for the One Day School of Citizenship, that the state league offers to put on for the small fee of \$10. Women who would be interested in learning more about the great game of politics through such a school, are asked to telephone to Mrs. W. C. Cobb, telephone number 708-J.

Much enthusiasm was shown in the sixth annual convention of the league, which will be held in the Saint Paul hotel Thursday, Friday and Saturday of next week, and several members present expressed their intention of attending. The local league has never found it necessary to pay the expenses of delegates to these conventions, as the programs are so strong and so interesting that the women feel they can't afford to miss them.

In order to pay a few small bills incurred in installing the Get Out the Vote booth at the Crow Wing county fair, and to start the new year without a deficit, it was decided to have a bake sale on October 18. It was thought that this would be a practical way for women to show their patriotism. It is likely that the funds so raised will be used in installing an information booth in a central place in the city, where women can get non-partisan political information the last week before election.

The following chairmen were appointed at this meeting, with the request that they make out their committees and be ready to announce the personnel at the next meeting. Membership, Mrs. E. O. Webb; Child Welfare, Mrs. A. M. Opsahl; Social, Mrs. Rose Parker. The Educational and Legislative committees will also be announced at the next meeting which will probably be held the week after the state convention. Watch the papers for the date and attend this meeting, for it will be full of pep and interest.

Birthday Party

Mrs. George Stilwell, 414 South Pine street, entertained a number of ladies Thursday afternoon in honor of her daughter, Mrs. E. E. Bahr. Those present were Mrs. John Mutch, Mrs. George Lucas, Mrs. Clifford Russell, Mrs. Warren Campbell, Mrs. Frank Peters, Mrs. J. L. Albertson, Mrs. A. Dunlap, Mrs. Ed. Fink. Those out of town were Mrs. Eugene Buehl, Mrs. Signor Johnson and Miss Emma Muske of Little Falls and Miss Marje Gobb of Seattle, Washington. Five hundred was played, after which a delicious supper was served. Mrs. Bahr was presented with many beautiful gifts.

WIENER ROAST

Was Enjoyed by Normal Girls at Gilbert Lake Tuesday Evening

Tuesday evening a wiener roast on the point on Gilbert lake afforded much pleasure and plenty of excitement for the normal department members. Several of the girls exercised their art at story telling, the majority joined in the sports, but there was one thing that everyone was in on—seeing how fast the cats could be made to disappear. The question as to who won in the latter contest has not yet been decided, but we all have our suspicions.

At dusk the party wandered back to the pavilion where they danced until time to leave for home.

Rev. E. A. Cooke of First Methodist Church Very Successful in Work Here

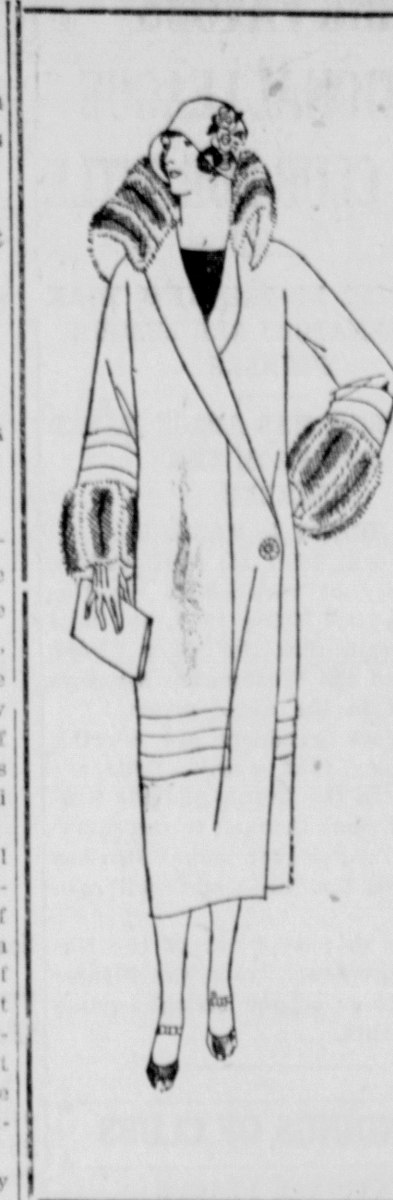

SPECIAL MEETING SUNDAY

Different Departments of Church Will Make Reports at Sunday Morning Services

A special meeting has been arranged for Sunday morning at the First Methodist church. This is the last Sunday of the conference year, and in this meeting Rev. E. A. Cooke closes the sixth year of his ministry in Brainerd. This has been one of the most successful years in this church and the people will be glad to hear the reports of the year.

The regular order of worship will not be carried out on Sunday morning, but the different departments of the church organization will give a brief summarization of the work of their departments. It is desired that every member of the church and congregation be present, not only that all may know what has been done during the year, but that all may enjoy this unique service.

The church will be appropriately decorated by the Campfire Girls. Special numbers of music will be furnished by the choir under the leadership of Mrs. A. W. Moulster. T. E. Nitterauer will report for the board of trustees, H. F. Michael will report for the Sunday school, Mrs. W. E. Paul for the Women's Missionary so-

Everybody Is Stepping Into New Apparel

What a joyous time it is. How one loves to lay aside the used things and wear something supremely, delightfully new.

And now our store is filled with the handsomest apparel obtainable. It is waiting for your inspection. Come.

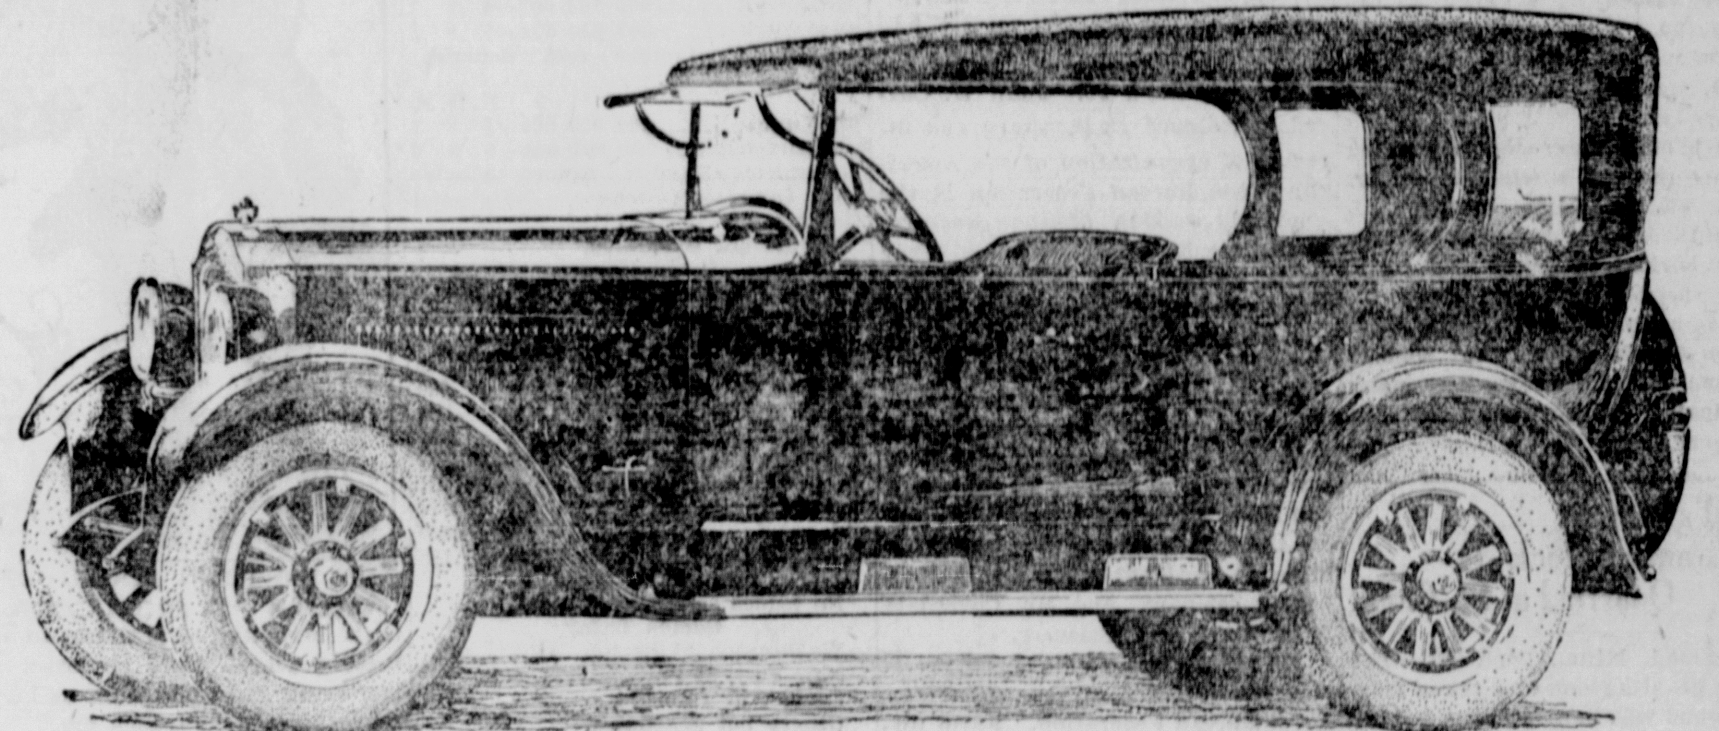

Dresses--Silk and Wool

Here are the charmeen and the twilline in the wool; the pretty satin finished materials in the silk and all have the style features which have made this season's garments so attractive. We will meet every purse too: Priced from \$12.50 to \$65.00.

Coats--Cloth and Fur Trimmed

The straight line coats without belts might seem a bit difficult for the average woman to wear. But they are not. The soft warm materials, the pretty and dainty trimming with soft furs make these coats so desirable. And they are reasonably priced too.

Have you seen this new car? —It is a closed-open car!

A WEEK ago the new Studebaker Special Six DUPLEX-PHAETON was first announced.

Today, countless thousands of people are talking about this entirely new type of car.

One moment it is a closed car—in five seconds it can be transformed into a delightful, airy, open car. But it is always the closed car in deep soft cushions, beautiful fittings and finish and luxurious riding comforts.

When you see it and ride in it you will know why it has made so profound a sensation—you will realize then that it gives you more than the finest open car can ever give you, plus the comfort and protection of the closed car.

And all at the price of an open car!

This is the new DUPLEX BODY on the famous Special Six Chassis.

Hundreds of thousands of owners all over this country and abroad have given the Studebaker Special Six a name for value, dependability and performance second to no other automobile.

The new Studebaker Special Six retains all the qualities which make great reputation—to these have been added every real improvement which science and owner-service could suggest.

Even aside from the sensational new DUPLEX BODY—the Studebaker Special Six has no superior in value in any car yet built. It was the conscientious intention of Studebaker in planning and designing the new Special Six to make it just such a leader—to that end every resource of the great Studebaker organization has been concentrated.

Even if we had the space we could not begin to tell you of the very many new and unusual features which indicate its superiority.

Certainly no words could do justice to its distinctive beauty.

In appearance it is unlike any other American car—yet its long, low, broad, sweeping lines are conservative, crisply stylish and in beautifully good taste.

Think of the new Studebaker Special Six Duplex-Phaeton as the ultimate in value and performance in a five-passenger car—think of it as a car matchless in practical convenience and desirability.

But to appreciate the sparkling beauty of its totally new lines you must see it. To know its perfection of operation and performance you must ride in it and drive it.

If you have not seen this NEW type car—come today!

SCHOOL BOARD REDUCES LEVY

Cuts 4 1/2 to 5 1/2 Mills Below the Levy Made For Last Year

TAKES UP HIGH SCHOOL SITE

PIGSKIN SEASON WILL OPEN SATURDAY

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Sept. 26.—While the bats are still cracking in the torrid major league pennant races and the amateur golf stars are driving down the fairway in Philadelphia for the national championship, the 1924 football season gets underway tomorrow with the first game of the season.

While there are a flock of teams scattered all over the nation that will get their first taste of real action, there are only a few on the schedule that can be classed as major games.

Yale, Harvard and Princeton, having their games limited by an agreement, are not permitted to play until next week. Among the other prominent teams that must wait for another week to get into battle are Pittsburgh, Army, Navy, West Virginia, Notre Dame, Ohio State, Iowa, Chicago, Michigan, Minnesota, Kansas, Missouri, Nebraska, Centre and Stanford.

Wisconsin, perhaps, has the hardest assignment of the day, being drawn against North Dakota at Madison for the opener.

Most of the other games are of the warm-up variety.

Pennsylvania plays Ursinus at Philadelphia.
Penn State plays Lebanon Valley at State College.
Washington and Jefferson plays Geneva at Washington.
Cornell plays St. Bonaventure at Ithaca.
Dartmouth plays Norwich at Hanover.
Syracuse plays Hobart at Syracuse.
Illinois plays Lincoln at Jacksonville.
Georgia Tech plays Oglethorpe at Atlanta.
Vanderbilt plays Howard College at Nashville.
Alabama plays Union at Tuscaloosa.
Southern California plays California Tech at Los Angeles.
California plays Santa Clara at Berkeley.

New York, Sept. 26.—Recalling infrequency of miracles in the National pastime since 1914, it now looks certain that the New York Giants and the Washington Senators will meet in the world series.

New York gamblers are offering their money that way. Odds are seven to ten the Giants and the Senators will come through to the championship. Some even money also has been placed that the Giants will win the series.

Pittsburgh passed out of the National league race when the Pirates dropped their second straight game to the Giants.

Seven Dancing Madcaps With "Bringing Up Father in Ireland at the New Park Theatre, Monday, September 29

"Four Hearts" at Lyceum Love Story of Two Ex-Servicemen
Members of the American Legion will find much to commend in "Four Hearts," Dick Hatton's latest photoplay, which is showing at the Lyceum Theatre for two days beginning tonight, for in it the returned soldier

of the senses, the kind that never care what's going to happen, that wants the thrill of the passing moment, whose desires must be gratified, who believe in Solomon's "eat, drink and be merry."

Such is the type of woman portrayed in "Broadway After Dark," the picture of midnight adventures in New York's region of the Great White Way, showing at the New Park last night.

"THE BIG TOWN ROUND-UP", WILLIAM FOX PRODUCTION
is the hero, and he is shown to be in these peaceful times as loyal, self-sacrificing and courageous as he was in the face of the trench fire.

The story concerns Dick Reynolds, a western boy, who goes east on business and there encounters Bob Berkeley, who had been his buddy in the trenches. Bob's health is failing because he had been gassed. Dick takes him and his sister Marion back west, where Bob wins back his health and Marion wins Dick's heart.

Charming "Merry Go Round" Star Heads Strong Cast

The old Bowery, with its quaint resorts that have gone down into romantic tradition; Chuck Connors, Philadelphia O'Brien and Steve Brodie, the man who took a chance and thundered down the years to fame; these all will live again in a gripping film romance, "Fools Highway," first great Universal starring vehicle for Mary Philbin since her astounding success in "Merry-Go-Round." The new picture, a spectacular picturization of Owen Kildare's famous life-story, "My Mamie Rose," comes next Sunday to the Lyceum Theatre for a two day run only.

JACKIE COOGAN

Jackie Coogan Triumphs in "Long Live the King"

Undoubtedly the greatest picture in which Jackie Coogan has been permitted to use his remarkable genius is Metro's "Long Live the King," showing at the New Park on Saturday and Sunday.

DEPOSIT BOXES

LOOT FROM MAGNOLIA STATE BANK AMOUNTS TO OVER \$1,000

(By United Press)
Magnolia, Minn., Sept. 26.—Safety deposit boxes in the vault of the Magnolia State Bank here were rifled early Thursday night by bandits who escaped with securities and jewelry valued at between \$1,100 and \$1,200. A string of pearls, property of a local depositor, valued at \$1,000, was said to be part of the loot.

The bandits succeeded in gaining entrance through a window without setting off the alarm system, although the bank is protected by three sets of burglar alarms.

The sheriff's office at Luverne today was unable to give any information on the direction the robbers took and it is not known how many participated, as they were not seen by anyone here.

World's Largest Granite Block Is Quarried at St. Cloud

St. Cloud, Minn., Sept. 26.—The largest granite stone ever taken from the ground was hauled out yesterday from the John Clark & Sons granite producers' quarry at Rockville, according to experts.

The stone is 150 feet long, 75 feet deep and 23 wide. It contains 260,000 cubic feet and weighs 8,500,000 pounds, equivalent to 4,250 tons.

A slightly smaller stone also was brought out. This stone measures 100 feet long, 100 feet deep and 14 feet wide, contains 240,000 cubic feet and weighs 4,500,000 pounds.

The big stone is far larger than any of the huge worked stones in the monuments of antiquity.

5 ARRESTED MAY BE BANDIT OR SAFE CRACKING GANG

St. Paul, Sept. 26.—Five men, suspected members of a bandit and safe-cracking gang which last fall and winter looted many oil stations and stores, have been arrested.

One was arrested last yesterday afternoon in St. Paul and four others were arrested last night in Minneapolis.

They are Albert F. Singer, Robert Terry, of Minneapolis, George Vreeland, White Bear, and William Sankell of St. Paul. Police say they all have criminal records.

BALTIMORE LOSES "WORLD'S SERIES" TO EASTERN CLUB

Waterbury, Conn., Sept. 26.—"Dutch" Ulrich held the Baltimore International league champions to five hits, in the final game of the series yesterday. Waterbury winning 7 to 2, and making a clean sweep of the entire series. The Orioles played listless baseball throughout.

J. W. COVERDALE AND GRAY SILVER RESIGN FROM FARM BUREAU

Chicago, Sept. 26.—John W. Coverdale resigned as secretary and director of organization of the American Farm Bureau Federation at the quarterly session of the executive committee here last week and Gray Silver resigned as director of the legislative department and Washington representative of the federation.

The two officials resigned, it was stated, in order to devote all their time to the newly organized Grain Marketing company, a corporation which plans ultimately to take over five large grain companies and operate them on a co-operative basis. Mr. Silver is president of the Grain Marketing company, and Mr. Coverdale is secretary and treasurer.

Mr. Coverdale retained his position as treasurer of the American Farm Bureau Federation. Farm Bureau officials said a new secretary would probably not be named before the first of the year, but that an acting Washington representative probably will be appointed soon.

PIGSKIN SEASON WILL OPEN SATURDAY

By HENRY L. FARRELL
(United Press Sports Editor)

New York, Sept. 26.—While the bats are still cracking in the torrid major league pennant races and the amateur golf stars are driving down the fairway in Philadelphia for the national championship, the 1924 football season gets underway tomorrow with the first game of the season.

While there are a flock of teams scattered all over the nation that will get their first taste of real action, there are only a few on the schedule that can be classed as major games.

Yale, Harvard and Princeton, having their games limited by an agreement, are not permitted to play until next week. Among the other prominent teams that must wait for another week to get into battle are Pittsburgh, Army, Navy, West Virginia, Notre Dame, Ohio State, Iowa, Chicago, Michigan, Minnesota, Kansas, Missouri, Nebraska, Centre and Stanford.

Wisconsin, perhaps, has the hardest assignment of the day, being drawn against North Dakota at Madison for the opener.

Most of the other games are of the warm-up variety.

Pennsylvania plays Ursinus at Philadelphia.

Penn State plays Lebanon Valley at State College.

Washington and Jefferson plays Geneva at Washington.

Cornell plays St. Bonaventure at Ithaca.

Dartmouth plays Norwich at Hanover.

Syracuse plays Hobart at Syracuse.

Illinois plays Lincoln at Jacksonville.

Georgia Tech plays Oglethorpe at Atlanta.

Vanderbilt plays Howard College at Nashville.

Alabama plays Union at Tuscaloosa.

Southern California plays California Tech at Los Angeles.

California plays Santa Clara at Berkeley.

Seven Dancing Madcaps With "Bringing Up Father in Ireland at the New Park Theatre, Monday, September 29

"Four Hearts" at Lyceum Love Story of Two Ex-Service Men
Members of the American Legion will find much to commend in "Four Hearts," Dick Hatton's latest photoplay, which is showing at the Lyceum Theatre for two days beginning tonight, for in it the returned soldier

"THE BIG TOWN ROUND-UP".
WILLIAM FOX PRODUCTION
is the hero, and he is shown to be in these peaceful times as loyal, self-sacrificing and courageous as he was in the face of the trench fire.

The story concerns Dick Reynolds, a western boy, who goes east on business and there encounters Bob Berkeley, who had been his buddy in the trenches. Bob's health is failing because he had been gassed. Dick takes him and his sister Marion back west, where Bob wins back his health and Marion wins Dick's heart.

Charming "Merry Go Round" Star Heads Strong Cast

The old Bowery, with its quaint resorts that have gone down into romantic tradition; Chuck Connors, Philadelphia O'Brien and Steve Brodie, the man who took a chance and thundered down the years to fame; these all will live again in a gripping film romance, "Fools Highway," first great Universal starring vehicle for Mary Philbin since her astounding success in "Merry-Go-Round." The new picture, a spectacular picturization of Owen Kildare's famous life-story, "My Mamie Rose," comes next Sunday to the Lyceum Theatre for a two day run only.

Broadway's Jazz Mad Butterflies Live on Screen

Broadway's jazz-mad butterflies? Do you know them, the kind that is never happy unless it scorches its wings night after night in vagaries

of the senses, the kind that never care what's going to happen, that wants the thrill of the passing moment, whose desires must be gratified, who believe in Solomon's "eat, drink and be merry."

Such is the type of woman portrayed in "Broadway After Dark," the picture of midnight adventures in New York's region of the Great White Way, showing at the New Park last night tonight.

JACKIE COOGAN
Jackie Coogan Triumphs in "Long Live the King"

Undoubtedly the greatest picture in which Jackie Coogan has been permitted to use his remarkable genius is Metro's "Long Live the King," showing at the New Park on Saturday and Sunday.
